72%: Machines and Intelligence, 2020-2021

92%: Devices and Networks, 2020-2021

86%: Web and Internet Technology, 2020-2021

Summary

A thorough, hard working and persistent computer science student who will always aim to improve themselves and extend the boundaries of their own ability. I focus my time carefully, ensuring that I learn at least something new each day. In the past, I have participated in voluntary work, such as helping gardening and participating in a four week NCS Programme where we had to plan and manage our own group charity work.
